CITY OF CALAIS

Annual Reports

OF THE SEVERAL

DEPARTMENTS OF THE CITY GOVERNMENT

FOR THE FINANCIAL YEAR

1917-1918

Ordered,—That the reports of the several departments for the past year, as certified by the Auditor, be accepted and printed with the other reports in pamphlet form and the usual number bound in cloth for exchange.

Attest:

E. A. WOODMAN, City Clerk.

Calais, April 8th, 1918.

MAYOR'S ADDRESS

Gentlemen of the Council:—

We greet you as custodians of the city business for the ensuing year.

Federal, State and local conditions are such that the business accruing for this year will be much more difficult for you to take care of than heretofore, but I take for granted that each and all of us understood this well before assuming our present positions, so will gladly go to the tasks before us with a firm determination to manage even details in the careful way that we would handle our own personal affairs.

It is expedient that different members of the council be assigned to specific duties. To facilitate matters, therefore, we have committees responsible for certain departments. There was a slight criticism due some of the departments last year for inefficient services. I believe that the chairman of a committee in particular, should personally attend to the work in that department every week, or daily, if necessary, to see that transactions are carried out in the best possible detail.

The scarcity of men and teams makes the highway department very difficult to handle. The increase of wages makes a greater appropriation in this department necessary. I would recommend to the highway department the purchase of a large motor truck, a new road scraper and some road drags. These, in my opinion, are necessary and should be procured, even though involving a considerable initial expense. It may seem expensive

to some, yet if this be divided between two or three years I feel confident that we will be well satisfied because of extra work accomplished at a lessened expense.

In the school department we have many perplexing problems. In looking the situation over I am persuaded that the present system of schools in the city is unnecessarily expensive. We have so many school houses that the cost of up-keep and service is too great. I would recommend to the school committee that they, with the superintending school committee, if possible, do away with perhaps two or three of our school houses, which would mean a lessened number of teachers with better concentration, equipment and service. It is necessary this year, in my opinion, for us to increase the salaries of our teachers. We must not expect the best service in any department, especially the school department, from under-paid employees.

I trust that this council will pursue with greater diligence than the last board in the collection from tax deeds. I am informed that the amount is even greater this year than it was last year.

After due consideration of the Fire Department I will recommend to you, gentlemen, eight members each for hose departments numbers 1 and 2 instead of ten, thus making a saving to the city of \$350.00, with a department remaining sufficiently large to fulfill all requirements.

Because of the extra money required in the different departments already mentioned, as well as in others that might be mentioned, I find it necessary to recommend an increase in our tax rate of two mills, making it thirty, which in my opinion, under existing circumstances and in consideration of what other cities and towns are paying, not too large.

In studying the duties of our board of assessors I believe that there should be considerable more work done by them. I would recommend that you have a special meeting of the council to consider with them in detail the several phases of that department.

More and better sewers in our city are required. As the people who live on Swan Street have petitioned for

one being built on their street, I would recommend that being done and have therefore increased our appropriation for that purpose.

Because of our experience in the past that Mayor and Aldermen usually held office for two years or more, I would recommend that a partial revision, at least, in the City Charter be made by you so that a bi-annual city election will be possible. This would be a saving of approximately \$300.00 every two years to the city and be of no disadvantage as far as I am aware.

My recommendations for the several departments are as follows:

Calais City Band,	\$	50.00
Cemeteries,		925.00
Calais,	850.00	
Red Beach,	75.00	
Contingent Fund,		500.00

REPORT OF CITY SOLICITOR

To the Honorable Mayor and Aldermen of the City of Calais.

Gentlemen:

I hereby make my report as City Solicitor for a portion of the Municipal year just closed. Mr. Max V. Doten tendered his resignation of this office last September to take effect October 1st. The City Government elected me to the vacancy thus created. The docket of the Supreme Judicial Court then showed four cases against the city, as follows:

Howard A. Brooks vs. City of Calais. This was assumpsit for work performed and materials furnished. It has been settled. Myrtle A. Phinney vs. City of Calais. This is case for damage for alleged defect in the side walk. Still on the docket. John E. Bishop vs. City of Calais, and Thaxter C. C. Littlefield vs. City of Calais. These are actions for damages arising from the same cause, an auto leaving the road and overturning down the embankment at Knight's Corner, so-called, on North Street near Milltown. They are both on the docket. Early in January, 1918, service of a writ in favor of Jessie Annis, returnable at the May term, for damages for alleged defect in sidewalk, was made on the city. I shall endeavor to dispose of all these causes at the ensuing May term.

At the instance of the City Government suits have been commenced against different parties founded on tax deeds held by the city. One or more of these suits will be tried at the May term of the Supreme Judicial Court.

There has been the usual routine business connected with the office. I would recommend that the assessors of the city be instructed to devise some brief but certain, method of describing parcels of real estate subject to taxation in the city. Such a method as will enable anyone to locate the property on the face of the earth.

Respectfully submitted,

ASHLEY ST. CLAIR, City Solicitor

BOARD OF HEALTH AND CITY PHYSICIAN

Dr. E. A. Cranston, who has been secretary of the Board of Health and City Physician for several years, died December 14, 1917, leaving these offices vacant.

FREE LIBRARY AND READING ROOM

Report of Board of Trustees for the year ending
March 31st, 1918

To the Mayor and Aldermen of the City of Calais:

Gentlemen:

We herewith submit the report of the Board of Trustees for the past year.

The Library has been open to the public the usual hours daily during the year, with the exception of a few weeks in the months of January and February, when it was closed Mondays and Tuesdays on account of shortage of fuel.

The total number of volumes in the Library is now about twelve thousand (12,000), three hundred and twenty-seven (327) having been added during the year.

The number of books drawn from the Library during the year was 14,311; this is an increase of 365 over the circulation of the previous year. The number of readers in the Reading Room was 5,991, showing a slight falling off from previous years.

The Reference Room has been made use of by a large number of persons and it has been of great benefit to many. We deem this branch of great importance and shall endeavor to maintain it in such manner as to make it increasingly useful.

We regret to report that during the past year Rev. Charles G. McCully, one of the original board appointed by the City Council in 1891 and for many years past President of the board, found it necessary, owing to ill health and advanced age, to resign from the board. His resignation was accepted with great reluctance. His unusual intellectual endowments and his deep interest in and large knowledge of current literature, coupled with his great interest in the work and aims of the Library and his untiring efforts to increase its usefulness and efficiency, made him an ideal man for the position he vacates. He will long be missed by his associates on the

board, but they are assured of his continued interest and will often seek his advice.

Miss Alice L. Todd was elected a member of the Board to fill the vacancy caused by Mr. McCully's resignation.

The Board now consists of the following members: Mrs. Mary S. Curran, Mrs. Annie R. Gardner, Miss Alice L. Todd, Oliver S. Tarbox, Clarence W. Trimble, William J. Fowler and James M. Beckett, City Treasurer ex officio.

The running expenses of the Library, owing to the great increase in the cost of supplies, is increasing, and we earnestly ask for an increase of appropriation from \$400 to \$450, in addition to the salary of the Librarian.

Below is a statement of Library finances prepared by the City Auditor.

Respectfully submitted,

WM. J. FOWLER, Secretary.

E. E. HIGGINS, Overseer of Poor.

STREET DEPARTMENT

To the Honorable Mayor and Board of Aldermen :

Gentlemen :

I respectfully present my report for the year ending March 31st, 1918. Mr. Charles Palmer, who was

elected Highway Commissioner April 8, 1917, resigned August 6, 1917 and I was elected to succeed him. Since I took the office we have kept busy on the usual work in different parts of the city. We have done a large amount of work on the River Road, also on the Baring and Charlotte roads.

On Sewers we have done some repairing. On Sidewalks we have done a little repairing only.

On Bridges we have made repairs on the Union bridge and the Milltown Upper bridge. A contract for repairs on the Ferry Point bridge was made with Messrs. Murray and MacVay. This work is now going on.

Our State Aid Highway work was done beginning near the head of Steamboat street and extending easterly about 2000 feet. We used gravel for surfacing.

No patrol work was done.

We have repaired the Steam Roller at considerable expense and were obliged to buy a large amount of supplies and tools for the department.

The past winter has been severe and the quantity of snow unusually large; the expense for clearing the streets very much increased.

LINDSAY JACOBS, Supt.

SCHOOL DEPARTMENT

REPORT OF THE SUPERINTENDING SCHOOL COMMITTEE

BOARD

GEO DOWNES, Esq., Chairman

BEN Y. CURRAN

BENJ. W. CORLISS

Office in City Building, Room 5

Monthly meetings of the Board are held regularly on
the first Monday of each month at 8 o'clock P. M.

SCHOOL DEPARTMENT

To the Mayor and Board of Aldermen,
City of Calais, Maine:

Gentlemen: By direction of the Superintending School Committee of the City of Calais, I herewith present a report of the School Department for the fiscal year ending March 31, 1918.

BARTON WATSON, Superintendent of Schools.

SUPERINTENDING SCHOOL COMMITTEE

GEORGE DOWNES, Chairman

BENJ. W. CORLISS, Milltown, Me.

BEN Y. CURRAN, Calais, Maine.

COMMON SCHOOLS

In the elementary schools of Calais there are enrolled 890 pupils, distributed as follows:

Grade	Number	Building	Number
1	111	Baring Street	65
2	101	Milltown,	195
3	110	Union	50
4	121	Munroe Street,	79
5	108	Church Street,	230
6	108	Sand Bank,	77
7	92	South Street,	91
8	95	Cotteville,	16
9	44	Brook,	38
		Red Beach	49
	<hr/> 890		<hr/> 890

These 890 pupils are instructed by 31 teachers using 29 rooms in 10 school buildings. The average number of pupils per room is 31. The largest school under a single teacher is the upper room at Sand Bank.

There are four primary schools where grades 1 and 2 are in charge of a single teacher. Grade 1 requires more attention than grade 2 and should have the entire time of a teacher. Otherwise there should be an assistant in the room.

With the passing of the ninth grade this year, additional room for the accommodation of pupils will be made in the Milltown and Church Street buildings. The Baring Street and the Munroe Street buildings are no longer needed.

The Cottleville School at the lower landing is a district school, having 4 grades, 16 pupils, in charge of one teacher. The school is near enough to South Street school to allow consolidation to be made.

WAGES

War expenditures by the government and bank legislation have inflated the currency with a consequent disastrous rise in the cost of living. It takes at least sixteen dollars now to purchase what ten dollars would buy three years ago. Wages must be increased.

STATE SCHOOL FUNDS

The City of Calais has received from the State "School Fund" and from the "School and Mill Tax Funds" the following:

Year	Am't Received	Decrease
1913-14	\$13,443.72	
1914-15	13,283.95	159.77
1915-16	13,138.31	145.64
1916-17	13,034.81	103.50
1917-18	12,538.65	496.16

For the current year, Calais received \$905.07 less from the State of Maine than it received five years ago. School revenue from the State is distributed, in part, on the basis of the number of children shown in the school census taken in April. The school census has shown a decrease for several years.

COURSE OF STUDY

An effort has been made to diversify the work of the lower grades by the addition of material needed to compensate for the elimination of the ninth grade.

MANUAL TRAINING

This important department of school work was introduced in Calais in September, 1912, the result of the joint efforts of Supt. J. M. Pike, the Parent Teacher's Association, and of certain public spirited business men whose guarantee made it possible to order the equipment. Manual training creates habits of efficiency and industry. Education for life's activities is certainly as important as intellectual training. Latin is forgotten. How to use a saw is knowledge that will never be lost.

The cost of manual training to the city is very small, two-thirds of the instructor's salary being paid by the State of Maine.

ELECTIONS

In order for elections to be held in school buildings, it is necessary to give up the use for a day of four buildings, and to dismiss on full pay thirteen teachers and to deprive of instruction for that day 381 pupils. It is sometimes necessary to lose an additional day in order to clean the building after the election is over. The Milltown Grammar School and the Church Street school are too important to be dismissed in order that one room and

a hall may be used for an election. The Superintending School Committee has power to forbid the use of buildings for any except school purposes during the time the schools are in session. This action should be taken. The cost of dismissing the Milltown Grammer School and the South Street School for a day has been \$22.95. Next year the cost will be increased.

HIGH SCHOOL

The Red Beach High School has an enrollment of 19 and has cost \$48 per capita. The per capita cost of instruction in Calais Academy has been \$28.62. The employment of a high school assistant at Red Beach is not justified. The course should be reduced to two years or French should no longer be taught. If the first course is followed, one teacher can do the work without difficulty. If the second expedient is resorted to, the studies can be so arranged that the teacher will have but eight teaching periods a day and the pupils will cover a four year course of sixteen points. The latter method is recommended.

CALAIS ACADEMY

A report by Mr. C. H. Grant, Principal of Calais Academy, follows:

To the Trustees of Calais Academy:

The following report of Calais Academy for the year 1917-18 is hereby submitted.

The fall term opened September 11 with Mr. Frederick F. Sully, sub-master, and Miss Alice Todd, Miss Lisbeth Mann, Miss Emily Rockwood and Miss Abbie Giggey, assistants. Miss Todd was given a leave of absence for the winter term, and the vacancy was filled by Miss Lou E. Hill. Miss Todd is now back, but for the morning sessions only, and Miss Evelyn McGlauffin is taking care of her afternoon classes. Mr. Sully resigned at the be-

ginning of the spring term to accept a government position, and his classes are being taught by Miss McGlauffin and Miss Ruth Ross. Considering the frequent changes in the teaching force during the past year, we feel that a goodly amount of thorough work is being accomplished.

ENROLLMENT BY CLASSES

	Boys	Girls	Total
Seniors,	8	15	23
Juniors,	16	33	49
Sophomores,	17	28	45
Freshmen,	19	44	63
Total,	<hr/> 60	<hr/> 120	<hr/> 180

ENROLLMENT BY CLASSES

	Boys	Girls	Total
Classical,	23	62	85
Scientific,	17	5	22
Commercial,	18	52	70
Special,	2	1	3
Total,	<hr/> 60	<hr/> 120	<hr/> 180

One boy from the senior class, Clyde Mahar, left early in the year to enter the army.

When school opened in the fall, ten boys were away working on farms. These students necessarily entered late. An honest effort has been made by themselves and their teachers to get the work, lost in this way, made up as well and quickly as possible. This spring several boys of the Academy have enlisted to do farm labor during the coming season. We consider it most commendable in the boys to do, in this way, their bit toward winning the war.

Very little has been done in athletics this year. Under present conditions, it was not thought best to attempt too much along this line. The boys were unanimously in favor of substituting military drill in place of

football in the fall. Consequently the Henry B. Eaton Cadet Corps was organized, so-called because Mr. Eaton generously contributed toward the fund from which the rifles were purchased. Mr. Sully had charge of the military department and has secured excellent results. It is earnestly hoped that the cadet corps will be a permanent organization in the school.

The senior class play, "The Hoodoo," directed by Miss Lorraine Bailey, was staged at the Opera House, April 5. The parts were all well taken and the cast deserves much credit for the success of the performance. April 19, "Secret Service," coached and directed by Mr. Sully and Mr. Frank Lane, was presented at the Opera House for the benefit of the cadet corps. Although this was rather a pretentious undertaking for amateurs, the members of the cast, by untiring and concentrated effort, were able to present the play in a most pleasing and satisfactory manner. As this was a military drama, dealing with the Civil War, it was very appropriate for the day and purpose.

There is still an urgent need for a new building. Although the old one has, without doubt, served its purpose well in the past, it is no longer suitable for our present needs.

Respectfully submitted,

C. HAROLD GRANT, Principal.

April 29, 1918.

AUDITOR'S STATEMENT

To the Honorable Mayor and Board of Aldermen:

In accordance with the requirements of the Office of Auditor and Accountant, I herewith present a detailed statement showing the appropriation and receipts from all sources, also the Expenditures of the City of Calais for the fiscal year ending March 31, 1918.

The accounts as shown in the reports of the several departments have been compared with the City Books and are certified correct. Vouchers are on file at the City Clerk's office.

M. BRADISH, Auditor.

LIST OF DELINQUENT TAX PAYERS

Published in accordance with an act (Chapter 166 of the
Laws of Maine) approved March 27, 1907.
